## Healthy Smoothie Grant Opportunity Coming to the HS!

### Supporting the Whole Child: Introducing Our Building Healthy Communities Program

At our school, we believe that every student's well-being is essential to their success. That's why we're excited to announce that we've been awarded the Building Healthy Communities: Step Up for School Wellness program! This program helps us create a healthier and more supportive environment for our students and staff to thrive.

### What This Means for Our School

This year, we've been awarded a Healthy Smoothies Grant which will help us provide a new, healthy, and unique option in our cafeteria. Our School Health Team will work together to implement this program and make sure it meets the needs of our school community.

### Stay Tuned!

We'll be sharing regular updates on our progress and welcoming students, families, and staff feedback. We're committed to making our school a healthier and happier place for everyone! We're excited to take this important step towards supporting the whole child and promoting a culture of wellness in our school. Thank you for your continued support.
